## RIESLING 2015

### REGION

Clare Valley

### VINTAGE CONDITIONS

In the Clare Valley, the growing season in the lead up to vintage 2015 saw slightly higher than average rainfall initially and then very little fell, making it the driest ever August recorded at the estate. These conditions were conducive to frost and there were 14 events recorded. Rainfall for spring was well below average, with further frost events recorded during this time. Not only was the spring weather extremely dry, it was also warm and windy. These conditions had a detrimental impact on flowering with resultant bunch numbers down. December and January were relatively mild, with rain falling during the second week of January. The moisture was a welcome relief after such a dry spring and the vineyards on the estate responding well for both yield and quality.

### COLOUR

At release, the wine is a very pale green/straw colour with a slight green tinge to the edge.

### NOSE

The wine displays zesty lemon and lime aromas along with faint orange blossom and talc.

### CELLARING NOTES

Crafted for immediate enjoyment but will cellar over a long term under ideal conditions.
