VINTAGE CONDITIONS

In the growing season leading up to vintage 2017, winter rainfall was above average, in fact for the full year, it was the wettest recorded since 2000. Soil temperatures remained very low due to the waterlogged conditions and the below average ambient temperatures recorded through the spring resulted in budburst occurring up to a month later than in recent years. Weather conditions during flowering however were favourable and hence fruit set was good across all varieties. Harvest began in late February and picking continued at a slow and steady rate until early May due to the prevailing mild conditions. Overall, our winemakers have declared the vintage to be above average vintage in terms of quantity and fruit quality with Riesling a standout white variety.

COLOUR

At release, the wine is a very pale green/straw colour with a slight green tinge to the edge.

NOSE

The wine displays zesty lemon and lime aromas along with faint orange blossom and talc.

CELLARING NOTES

Crafted for immediate enjoyment but will cellar over a long term under ideal conditions.
